

JEWEL EASYCLEAN

This velour allows effortless cleaning, even for the most challenging stains. Thanks to our trusted stain-protection technology, every yarn is individually coated to prevent absorption, ensuring the fabric stays immaculate with minimal care.

Note: Abrasion data, including Martindale results, is provided by the mill and may vary due to the nature of chenille yarns. All information may be updated or retested. Please verify performance requirements for your specific project.

Article specification:

Roll length:	~45 m	Width:	142 cm + - 2 cm
Usable width:	142 cm + - 2 cm	Weight m DIN EN 12127:	680 g + - 5 %
Thickness:	1.2 mm + - 2 %	Weight m² DIN EN 12127:	480 g + - 5 %

Composition:

	Surface EU 1007 2011:	100% polyester
	middle layer EU 1007 2011:	100% polyester
	Base EU 1007 2011:	100% polyester

Product profile for upholstery fabrics in living areas | according to DIN EN 14465:2006

Typical product characteristics:

Light colors show staining and denim abrasion faster and more clearly than dark colors. In combination with dark or intense shades, color migration or color transfer may occur. Dark and intense colors tend to show color abrasion. A certain degree of color fading due to exposure to light or abrasion caused by use is material-related. Pilling is unavoidable and can also occur due to the adhesion of foreign fibers. Every flat fabric will develop a nap over time. The raised surface may cause a slight, material-specific stripe effect. Changes in pile layers and seating marks are unavoidable in brushed fabrics. Snags may occur if the fabric is caught on sharp objects or Velcro fasteners. Thickened threads, knots, and foreign inclusions cannot be completely ruled out in woven fabrics. Minor color and structural deviations between different production batches are unavoidable.

Easy to clean with water:

For stain removal you need a white, clean and soft cotton cloth and distilled water. First you wet the stain directly on the upholstery fabric with distilled water. Proceed in the same way with the cotton cloth. Then remove the stain in circular movements and let it dry. Please do not use the cleaned area until completely dry.

CLEANING INSTRUCTIONS

Daily care and at-home cleaners can keep your fabric looking beautiful for years. In the case of a spill, stain, or general wear and tear, follow our tips on how to clean a fabric.

For cleaning you need distilled water and a ph neutral shampoo.

You need a white, clean and soft cotton cloth. Use this to remove the stain in circular motions and allow the area to dry.

Cleaning only with the vacuum cleaner nozzle.

Recommended care labeling:

washing

bleaching

drying

ironing

dry cleaning

Instructions for use and care:

We assume no warranty for damage caused by improper use, cleaning, care, subsequent impregnation and pets.

Cleaning instruction:
